Feedback

1. Click the arrow to expand or collapse the navigational panel
2. Quickview lets you view important bid details without leaving the results page
3. Drag the clipboard icon up to the matching icon to set bids aside to view, email or save later
4. Quickly track or remove a large number of bids at once using the "multi bid action" drop-down
5. Sort columns with ease by simply clicking the header- click again to reverse order
6. Phone numbers now appear right in the search results. No need to open individual leads to make a call.
7. Drag any column to the location you'd prefer and it will stay that way until you move it again. Pro Tip: Move the phone column to the far right to make a quick call list.

8. Click on the contractor's name to see a year of bidding history
9. Click any of our smart tags to see all current projects with that tag. Pro Tip: clicking a manufacturer tag will show you just how many bid stage projects are specifying that manufacturer's products.
10. We'll let you know if there are important alerts waiting for you, including site maintenance, holiday closures or new features
11. Return to the search page to refine your search
12. Save these search parameters to use again (or daily!)
13. Export this list to Excel
14. Print this list or save as a PDF
15. Refine your results further by searching for key words in the fields visible in your results

If any of the bids you're tracking have been updated, it will be indicated here
