Award Note: This project has been awarded.

---

**EDITOR NOTE**

The submittal date for this project has been extended to March 22, 2018.

This project involves installing 1,300 ft of 16" diameter steel pipe, 130 ft of 4" diameter steel pipe, (2) fire hydrants, air release/vacuum valves, a surge protection system, power equipment, a control enclosure, a power system, communication panels, (5) pump check valves, (3) water pumps, motors, drives, a motor control center, and electrical manholes.

The work includes coating various concrete, carbon steel, cast iron, ductile iron, PVC piping, fiberglass tank, galvanized metal, non-ferrous metal, mechanical equipment, electrical equipment, machinery, and aluminum surfaces.

Dehumidification is required.

Approved brands include 3M, Akzo Nobel, PPG, Raven, Chesterton, Reily Ind., Berry Plastics, Tnemec, Carboline, Lifelast, Global Eco Technologies, and Henkel.
