DESCRIPTION

Bid Title: North Storage Tank Improvements Project Category: Utilities Status: Open Description: The project will consist of improvements to the existing 1.0 million gallon North Ground Storage Tank located on Summit Top Drive including the following: Blast and repaint the interior and exterior of the storage tank, complete in place in accordance with plans and specifications. Contractor will be responsible for containment, abatement and disposal of high lead content material. Replace the interior and exterior ladders complete in place with minimum two (2) foot offset in accordance with plans and specifications. Provide 42-inch high steel handrail enclosure around roofaccess opening. ProvideSaf-T-Climb fall prevention systems for the interior and exterior ladders. Replace the current air vent located at the top of the roof with 24-inch minimum diameter hinged aluminum vent, complete in place in accordance with plans and specifications. Replace existing roof access opening with 36-inch minimum diameter access opening, complete in place in accordance with plans and specifications. Replace the tank level float gauge assembly with aluminum level indicator assembly system, complete in place in accordance with plans and specifications. Install a 3/4 inch sample pipe tap at 36 inches above the tank base plate with a ball valve, tee, 3-inch diameter face pressure gauge (with 2 foot increments) and a hose bib. Provide concrete splash pad and erosion control rock rip rap at overflow and drain line piping. Replace approximately 200 linear feet of interior roof rafters or quantity as required. Sterilize the ground storage tank and submit samples to labafter improvements are complete. Conduct 220 day inspection of storage tank with City of Kerrville staff. Publication Date/Time: 12/7/2016 12:00 AM Closing Date/Time: Open Until Contracted Bid Opening Information: Januray 17, 2016 @ 3:00 pm Pre-bid Meeting: January 3, 2016 @ 3:00 pm Contact Person: All questions regarding this project shall be directed in writing to Kyle Burow at Kyle.Burow@kerrvilletx.gov. Award Note: This project has received ten bids.

EDITOR NOTE

This project involves cleaning and recoating (4) hydropneumatic tanks and (2) ground storage tanks at (2) existing water treatment plants.

The work includes cleaning (SP5) and recoating the interior of (2) hydropneumatic tanks at WTP No.2 with an epoxy system. The exterior of the tanks will be cleaned (SP10) and coated with an epoxy-urethane system. The work also includes cleaning and coating all external above grade piping at the tanks, booster pump station piping and well head piping.

The interior of (2) hydropneumatic and (2) ground storage tanks at WTP No.3 will be cleaned (SP5) and coated with an epoxy system. The exterior of the tanks will be cleaned (SP10) and coated with an epoxy-

urethane system. The work also includes cleaning and coating piping and valves at the tanks, and booster pump station and well head piping.

Containment is required.

Approved brands include Ameron, Carboline, Sherwin-Williams and Themec.

 Fax: 281- 590 3234

18. SES INFRASTRUCTURE SERVICES, LLC

Bid Amount: \$9,324,172.00

1006 Floyd Culler Court
 Oak Ridge, TN 37830
 Telephone: 1-865-481-7837
 Fax: 1-865-481-0290

Award Note: This project has received 18 bids.

EDITOR NOTE

This project involves rehabilitating an existing 500,000 gal elevated water storage tank.

The work includes cleaning (SP10) and coating the interior surfaces with a zinc-rich primer and (2) coat epoxy system. The exterior surfaces will be cleaned (SP6) and coated with a zinc-rich primer and acrylic polyurethane-fluoropolymer system.

The work also includes power tool cleaning (SP3) and painting new tank logos.

The brand specified is Tnemec, or an approved equal.
